Public Comment:

Lloyd Schmitz commented that the Business Enterprise program (BEP), under the Division for the Visually Impaired (DVI) is a set aside program losing significant amount of funds. Mr. Schmitz would like to have the BEP program under review from the Commission. The Division's position is the Business Enterprise Program does not fall under the purview of the Commission. BEP Licensees are individual business owners. Commission DAG, Jo Donoghue is with DVI's DAG; that according to the law BEP is not an organization that falls under the oversight of the Commission. Wayne Marsh stated the Blind Vendors Committee oversees BEP and there is nothing in the federal or state law that states another committee would oversee them. The Commission is aware of the concern regarding BEP, and may have it placed on a future agenda.
